

# Washington Mesothelioma Victims Center Urges a Former Shipyard Worker with Mesothelioma in Washington State to Call Attorney Erik Karst of Karst von Oiste To Discuss Compensation-It Might Exceed \$1,000,000

BREMERTON, WASHINGTON, USA,  
December 18, 2020 /

EINPresswire.com/ -- The Washington Mesothelioma Victims Center is urging a former shipyard worker who has just been diagnosed with mesothelioma or their family to call attorney Erik Karst of the law firm of Karst von Oiste anytime at 800-714-0303 to discuss financial compensation-it might exceed a million dollars depending on how, where and when a person like this was exposed to asbestos. Shipyards are one of the top places where a person might have been exposed to asbestos. The asbestos exposure might have occurred in Bremerton, Seattle, Tacoma, Greys Harbor, Bellingham, Anacortes, Ballard, or Everett or other places in Washington State. "If this sounds like your husband or dad please call attorney Erik Karst of Kast von Oiste-he will be able to help you-and most importantly of all he will be honest with you."

[www.karstvonoste.com/](http://www.karstvonoste.com/)

The Group says, “On the topic of honesty-please do not order a ‘free’ mesothelioma compass, calculator, a five minute test, or a booklet about this rare form of cancer caused by asbestos exposure—unless you want to create a lawyer stampede from people you have never heard of before all claiming to be the world’s greatest mesothelioma attorney. If you want honest advice from someone who knows what they are talking about please call attorney Erik Karst of Karst von Oiste anytime at 800-714-0303. At least attorney Erik Karst of Karst von Oiste knows what he is talking about.”

Victims Center*

For the best possible mesothelioma treatment options in Washington the Washington Mesothelioma Victims Center strongly recommends the following health care facility with the offer to help a diagnosed victim, or their family get to the right physicians at this treatment facility. The Center believes this treatment facility for mesothelioma to be one of the best in the nation.

Fred Hutchinson Cancer Research Center and the UW Medical Center called the Seattle Cancer Care Alliance, in Seattle, Washington: <https://www.uwmedicine.org/specialties/cancer-care>.

High-risk work groups for exposure to asbestos in Washington State include Veterans of the US Navy, hydro-electric power plant workers, shipyard workers, nuclear power plant workers, oil refinery workers, pulp and paper mill workers, factory workers, plumbers, electricians, miners,

auto mechanics, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's.
