Typically, a Navy Veteran may have had significant exposure on a navy ship, submarine or at a navy shipyard. They typical age for a person with mesothelioma in the US is about 72 years old-and more often than not their asbestos exposure took place in the 1960s or 1970s.

The Advocate says, "2020 was probably the worst year for mesothelioma compensation in the last 20 years-not because there were fewer people with this cancer-but because rather than being diagnosed with this rare cancer caused by asbestos exposure-they were diagnosed with the Coronavirus. The Coronavirus and mesothelioma have very similar symptoms. Because of all-of the craziness of 2020 we also fear some Navy Veterans with mesothelioma don't-want to

go through a hassle. If you husband or dad has been diagnosed with mesothelioma in Iowa and he is a Navy Veteran, please call attorney Erik Karst of Karst von Oiste at 800-714-0303 to explain compensation. The call is complimentary." www.karstvoniste.com/
