WILMINGTON , DELAWARE, USA, April 5, 2021 /EINPresswire.com/ -- The Delaware Mesothelioma Victims Center says, "We are urging the immediate family of a Navy Veteran who has just been diagnosed with mesothelioma in Delaware to please focus on much better financial compensation results and to call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 for a much better result. Financial compensation for a Navy Veteran with mesothelioma might exceed a million dollars. Mesothelioma compensation is typically based on how, where and when a person with mesothelioma was exposed to asbestos.

"Because of the Coronavirus and mesothelioma have so many similar symptoms it is very possible the person with mesothelioma was initially diagnosed with COVID19. The typical person with mesothelioma we are trying to identify is about 72 years old and their exposure to asbestos took place in the 1950s, 1960s or 1970s. As a rule-most Navy Veterans who develop mesothelioma were exposed to asbestos on a ship, submarine or at a shipyard. If the person we have described sounds like your husband or dad, and he has mesothelioma-please call attorney Erik Karst of the law firm anytime at 800-714-0303 for an explanation of mesothelioma compensation along with how the process works. We think you will be glad you did."
