

Texas US Navy Veterans Lung Cancer Advocate is Urging a Navy Veteran-Person with Lung Cancer in Texas to Call Attorney Erik Karst of Karst von Oiste-If They Had Asbestos Exposure-Compensation Might Exceed \$100,000

DALLAS, TEXAS, USA, April 29, 2021

/EINPresswire.com/ -- The Texas US Navy Veterans Lung Cancer Advocate is urging a Navy Veteran or person anywhere in Texas with recently diagnosed lung cancer to please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303 if prior to 1982 they had significant exposure to asbestos in the navy or at work. Erik Karst of Karst von Oiste is one of the nation's leading asbestos exposure attorneys and he and colleagues are responsible for over a billion dollars in compensation for people like this. The typical person the Advocate is trying to help is over 60 years old and it does not matter if they smoked cigarettes. www.karstvonoiste.com/

The Advocate says, "We could not say this enough times-'the \$30 billion dollar-asbestos trust funds were set up for people who develop lung cancer after heavy exposure to asbestos in the navy or at work'-not just mesothelioma. The asbestos exposure must have occurred before 1982. If the person we have described sounds like your husband or dad anywhere in Texas-please call attorney Erik Karst of the law firm of Karst von Oiste at 800-714-0303. Compensation for a person like this might exceed \$100,000." www.karstvonoiste.com/

The Texas US Navy Veterans Lung Cancer Advocate's free services are available to people with asbestos exposure lung cancer or mesothelioma in Houston, Dallas, San Antonio, Austin, El Paso, Fort Worth, Corpus Christi, Plano, Laredo, Arlington or anywhere in Texas.

<https://Texas.USNavyLungCancer.Com>

High-risk work groups for exposure to asbestos in Texas include Veterans of the US Navy, a civilian employee at Ford Hood, Fort Bliss or Lakeland Air Force Base, a power plant worker at one of Texas's dozens of nuclear or conventional power plants, a oil refinery worker at one of Texas's numerous oil refineries, oil rig workers, chemical plant workers, shipyard

workers, factory workers, public utility workers, plumbers, electricians, auto mechanics, welders, millwrights, insulators, machinists, and construction workers. Typically, the exposure to asbestos occurred in the 1950's, 1960's, 1970's, or 1980's. www.karstvonoiste.com/

"We could not say this enough times- the \$30 billion dollar-asbestos trust funds were set up for people who develop lung cancer after asbestos exposure in the navy or at work'-not just mesothelioma."

Texas US Navy Veterans Lung Cancer Advocate

Important Note from the US Navy Veterans Lung Cancer Advocate: "If your husband, dad, coworker or neighbor has just been diagnosed with lung cancer and you know they had significant exposure to asbestos in the navy, at a shipyard or while working at a factory, at power plant, public utility, or as a plumber, electrician welder, mechanic or any kind of skilled trades group in any state please have them call us anytime at 800-714-0303. Most people like this never get compensated-even though the asbestos trust funds were set up for them too. We are trying to change this sad fact. Frequently compensation for people like this might exceed \$100,000."

<https://USNavyLungCancer.Com>

According to the American Cancer Society for nonsmokers who have been exposed to asbestos in their workplace the risk of lung cancer is five times that of unexposed workers.

<https://www.cdc.gov/cancer/lung/statistics/index.htm>.

States with the highest incidence of lung cancer include Kentucky, West Virginia, Maine, Tennessee, Mississippi, Ohio, Indiana, Louisiana, Arkansas, Missouri, North Carolina, Rhode Island, Alabama, and Delaware. www.karstvonoiste.com/
