

Global Military Helicopters Market Trends, Strategies, And Opportunities In The Military Helicopters Market 2021-2030

The Business Research Company's Military Helicopters Global Market Report 2021: COVID 19 Impact And Recovery To 2030

LONDON, GREATER LONDON, UK, August 19, 2021 /EINPresswire.com/ -- According to the new market research report 'Military Helicopters Global Market Report 2021: COVID-19 Impact And Recovery To 2030' published by The Business Research Company, the military helicopters market is expected to grow from \$50.75 billion in 2020 to \$52.27 billion in 2021 at a compound annual growth rate (CAGR) of 3%. The growth is mainly due to the companies rearranging their operations and recovering from the COVID-19 impact, which had earlier led to restrictive containment measures involving social distancing, remote working, and the closure of commercial activities that resulted in operational challenges. The market is expected to reach \$67.5 billion in 2025 at a CAGR of 6.6%. Increasing military expenditure contributed to the growth of the [military helicopters market growth](#).

recent years. Significant technological advancements including extensive use of additive manufacturing, computation structural dynamics modelling, advanced condition-based maintenance (CBM), fly by wire controls, health and usage monitoring systems (HUMS), and advanced turbine engine programs are promising big leap in the rotorcraft capabilities. For instance, in July 2019, Russian Helicopters Holding Company announced that the company is planning to re-engineer and manufacture about 30 helicopter parts using 3D printing technology.

Global Military Helicopters Market Segments:

The global military helicopters market is further segmented based on type, application, number of engines, component & system and geography.

By Type: Light Military Helicopter, Medium Military Helicopter, Heavy Military Helicopter

By Application: Utility Military Helicopter, Transport Military Helicopter, Attack/Assault Military Helicopter, Search and Rescue Military Helicopter, Multi-Role Military Helicopter, Reconnaissance and Observation Military Helicopter

By Number of Engine: Single, Twin Engine

By Component & System: Airframe, Main Rotor Systems, Anti-Torque systems, Electrical Systems, Hydraulic Systems, Avionics, Stability Augmentation Systems, Flight Control Systems, Undercarriages, Environmental Control Systems, Emergency Services, Special-purpose Systems, Engines

By Geography: The global military helicopters market is segmented into North America, South America, Asia-Pacific, Eastern Europe, Western Europe, Middle East and Africa.
