WASHINGTON, DC, USA, January 20, 2022 /EINPresswire.com/ -- [The Bloody Price of Freedom](#) by

“

A must-read for anybody who is committed to fight for justice and against antisemitism in its new form of anti-Zionism.”

Brig. Gen (ret.) Yossi Kuperwasser

Richard D. Heideman is a meticulously documented volume, which analyzes the multipronged diplomatic, boycott and terror warfare against Israel and the global Jewish community. It is essential reading, and it provides tools for anyone interested in standing against the demonization of Israel and antisemitic attacks upon the Jewish people.

The Bloody Price of Freedom book addresses the insidious attacks; maligning worldwide propoganda; economic,

academic, and other boycotts; as well as the misapplication of international law in the United Nations and elsewhere that have been leveraged against Israel. A special section on the International Court of Justice's 2004 nonbinding advisory opinion on the construction of Israel's terrorism-prevention security fence includes detailed illustrative maps.

"Regardless of your political views, this book will offer you a fresh perspective and invaluable information meant to help advance what we all desire most – peace, freedom, and truth." —Yifa Segal, Founder and Former Chair and CEO, The International Legal Forum

"Essential reading for anyone wishing to fully understand the global terrorist, economic, and legal assault on Israel." —Daniel S. Mariaschin, CEO, B'nai B'rith International
