ABOUT: Before February 24th, 2022, we were communication specialists in different companies. But due to Russian terror in our homeland, we had to leave our jobs and unite our power to

protect our land on the information front. We are volunteering to give the voice of truth from Ukraine. Because we believe that its power is stronger than lying Russian propaganda. Now we connect the media with the eyes, ears, voices, and minds of Ukrainians who had to fight for sovereignty and democracy values in the 21st century.
