Covid-19 Scenario:

- Production activities of engineering insurance have been stopped due to partial or complete

lockdown imposed in many countries. Moreover, there were many challenges such as supply chain disruptions, lack of sufficient workforce, and ban on import-export activities that created hindrances in the production activities.

- However, post-lockdown, production activities resumed with the full capacity, and supply chain is getting back on track steadily. Moreover, the demand from application industries is expected to increase gradually.

The report offers a detailed analysis of key market players active in the global engineering insurance market. The leading market players discussed in the report include Cardinal Health, Prudential Financial Inc., Allstate Insurance Company, RSA, Aetna Inc., Ping An Insurance (Group) Company of China Ltd, Swiss Re, State Farm Mutual Automobile Insurance Company, MetLife Services and Solutions LLC and Allianz. They have implemented different strategies such as new product launches, mergers and acquisitions, joint ventures, partnerships, expansion, collaborations, and others to achieve sustainable growth and competitive advantage across the world.
