

# SMi Group announces the inaugural Unmanned Maritime Systems Technology USA Conference 2022

*SMi Group reports: The registration and the agenda are now available for the Unmanned Maritime Systems Technology USA Conference.*

USA, VIRGINIA, ARLINGTON , April 19, 2022 /EINPresswire.com/ -- The development of unmanned systems in the land and air domains has grown rapidly over the last decade, and the importance of unmanned systems in the maritime domain has and will only

continue to grow. In 2021 the U.S. Navy revealed their Unmanned Campaign Framework, outlining the goal to innovate and adapt new technology to build a more lethal and distributed naval force for the future.

The US is now committed to delivering a hybrid fleet that will be necessary for the Navy to meet emerging security concerns and compete and win in an era of great power competition by expanding and developing a range of unmanned aerial vehicles (UAV), unmanned undersea vehicles (UUV), and unmanned surface vessels (USV).

For this reason, SMi Group is delighted to announce the inaugural [Unmanned Maritime Systems Technology USA](#), taking place on the 28th and 29th of September 2022 in Arlington, VA. This is the latest addition to their sell-out unmanned systems events portfolio, to provide a global meeting point for leading US military leaders and allied UMS programme managers driving the development of unmanned maritime systems.

Interested parties can register for the conference at: <http://www.umst-usa.com/PR1/einpresswire> - register by 29th April 2022 to save \$400.

The agenda has been released - featured U.S. Navy and DOD speakers include:

- [Conference Chairman] Mr Robert Iannuzzi, Director of Unmanned and Autonomous Systems

Development and Integration, Naval Surface Warfare Center Carderock Division (NSWCCD), U.S. Navy

- Rear Admiral Douglas G. Perry, Director, Undersea Warfare Division, N97, Office of the Chief of Naval Operations
- Captain Michael Brasseur, Commodore TF-59, U.S. Navy
- Captain Thomas Remmers, Unmanned Systems Strategic Team Lead, U.S. Coast Guard
- Captain Ben Van Buskirk, Director, NavalX
- Colonel Brad Green, Unmanned Aircraft Systems Branch Chief, U.S. Marine Corps
- Commander Brian Conlan, Commanding Officer, Unmanned Patrol and Reconnaissance Squadron 19 (VUP-19), U.S. Navy
- Dr Ayodeji Coker, Autonomy Portfolio Manager, Office of Naval Research, U.S. Navy
- Dr Jason D. Strickland, Maritime Staff Specialist, Platform & Weapons Technology, Office of the Under Secretary of Defense for Research and Engineering
- Ms Dorothy Engelhardt, Director for Unmanned Systems DASN Ships, U.S. Navy
- Mr Michael Stewart, Unmanned Task Force Executive Director, U.S. Navy
