

Xicato Wins LUXLife's Health, Beauty & Wellness Award

*Full Spectrum Healthy Lighting by Xicato
Recognized by LUXLife Magazine*

LOS GATOS, CALIFORNIA, USA, May 24, 2022 /EINPresswire.com/ -- Xicato, the leading provider of smart building wireless controls and highest quality spot and linear lighting, is proud to announce that Xicato has been named [Most Innovative Commercial Environment Smart Lighting Company](#) in 2022 by LUXLife Magazine as a leader in luxury lighting.

The Health, Beauty and Wellness Awards were launched to determine and recognize the best of companies that operate with core values to

encapsulate the need to pursue perfection and their world-leading products, services and experts.

“

Quality lighting has been the foundation of Xicato's innovation since the beginning. With our recent focus to offer healthy light, customers benefit from the best of both worlds in luxury lighting.”

*Amir Zoufonoun, CEO of
Xicato*

To find out more about these prestigious awards, and the dedicated companies that have been selected, please visit <http://www.lux-review.com/> where you can view the winners supplement and full winners list.

"We are deeply appreciative of the recognition by LUXLife Magazine and the judges," says Amir Zoufonoun, Xicato's CEO. "The Xicato team has always been inspired to design lighting systems with high impact to highlight the beauty of a space or environment to its fullest. Quality lighting has been the foundation of Xicato's innovation since the very beginning. Now with our recent focus to also offer healthy light our customers can benefit from the best of both

worlds in luxury lighting.”

[Xicato Full Spectrum Linear Lighting](#)

Xicato’s full spectrum flexible linear lighting is unique to the industry. XFL Full Spectrum bolsters a healthy circadian rhythm through the usage of

violet pump LEDs. As in sunlight, full spectrum light covers the electromagnetic spectrum from infrared to near-ultraviolet in addition to visible spectrum, all of which combines to closely reproduce the intensity and colors of natural light.

The benefits and applications are numerous including visual clarity, texture and color perception that has high value to retail sales, improving mood and productivity with clear benefits in a work environment or enhancing scholastic performance of students, improved plant growth for agriculture, light therapy in treating seasonal affective disorder (SAD) and vitamin D synthesis in the body in healthcare to name a few. Furthermore, as with any Xicato solution, these healthy lighting products provide the highest levels of efficiency, quality, and durability.
