

iData Research Participates in Brain Injury Awareness Month By Donating Proceeds of Neurological Device Market Reports

VANCOUVER, BRITISH COLUMBIA,
CANADA, June 8, 2022

/EINPresswire.com/ -- iData Research, a global consulting and market research firm, is participating in supporting and increasing awareness surrounding Brain Injury Awareness Month. Each June, Brain Injury Awareness Month designates 30 days to raising awareness about brain injuries, sharing information and resources, while honoring those patients, survivors, caregivers and medical professionals impacted.

Globally it has been estimated that over 54 to 60 million people suffer from traumatic brain injury annually. In the U.S. alone, according to the Brain Injury Association of America (BIAA), 5.3 million-plus adults and children live with some sort of permanent brain injury-related disability. In support, iData is offering 10% off the FULL VALUE of our sought-after neurology market

research reports during June with related charity contributions for every dollar spent. The reports are as follows:

“

June is a month with an inspired focus to support brain injury awareness, and to spread word about brain injuries throughout our communities.”

*Dr. Kamran Zamanian, Senior
Partner and CEO*
