ATASCADERO, CALIFORNIA, USA, June 30, 2022 /EINPresswire.com/ -- [Life Elements](#) has put their finest feet forward in taking self-care to the next level with the launch of their new [Cooling CBD Foot Soak](#). The Life Elements Cooling CBD Foot Soak joins the company's award-winning wellness family of nature-based topicals with premium formulations created for their health advantages...good for people and the planet.

Life Elements Cooling CBD Foot Soak taps into the ancient principles of reflexology with the belief that our biological systems are connected to the feet. That means that pounding the pavement every day not only puts a great amount of stress on our feet, but on our bodies' overall well-being. Studies show that foot soaks have health benefits including stress and inflammation reduction, increased circulation, enhanced body energy levels and better sleep.
