

# Legislation to End Horse Abuse in U.S. Quietly Supported by Queen Elizabeth II Advances in Congress Today

*Horseman honored by the queen submitted more than 50 pages of supporting documents on horse 'soring' Congress addressed on the heels of the queen's passing*

WASHINGTON, DISTRICT OF COLUMBIA, UNITED STATES, September 21, 2022 /

[EINPresswire.com/](https://EINPresswire.com/) -- Today, the U.S.

House Committee on Energy and Commerce passed the Prevent All Soring Tactics (PAST) Act, H.R. 5441, by a vote of 46 to 9 in a markup that will now advance the measure to the House floor for a vote.

U.S. Capitol, Statue of Ulysses S. Grant, and Queen Elizabeth II

The substance of this measure has been introduced in each Congress since 2012. PAST would amend the Horse Protection Act (HPA) of 1970 to help end soring – the intentional infliction of pain to Tennessee Walking, Racking, and Spotted Saddle Horses' front limbs by applying caustic chemicals to the skin or inserting sharp objects in the hooves in order to achieve the artificial high step known as the "Big Lick" that's prized in small rural parts of Alabama, Tennessee and Kentucky. Animal Wellness Action leaders have advocated for passage of the bill with Executive Director [Marty Irby](#) testifying in support of the measure in a 2013 Subcommittee hearing on the legislation.

“

"The cause to end the abusive practice of soring has found a new angel, and I am so grateful to see this legislation clear the full Committee for the first time in 10 years."

*Marty Irby, executive director at Animal Wellness Action*

Animal Wellness Action today submitted a letter and more than [50 pages of supporting materials](#) to the House Energy and Commerce Committee to further supplement the 330 plus pages submitted during the Subcommittee's May hearing on the bill and subsequent documentation

during the Subcommittee's markup on the PAST Act a few months ago.

"We are encouraged to see this movement in Congress to help secure fair treatment of horses in the U.S. with the PAST Act following my dear friend Queen Elizabeth II's departure," said [Monty Roberts](#), "the Man Who Listens to Horses," one of Her Majesty Queen Elizabeth II's most trusted confidants. "Soring is a terrible practice that I have been working with Marty Irby for the past 17 years to eradicate, and Her Majesty was well aware of our efforts to end it. She was inspired to honor Marty Irby with recognition in 2020 for his work on this issue."

"We applaud Subcommittee Chairwoman Jan Schakowsky, the Committee leaders, and every Member of the U.S. House who has long supported the PAST Act that will end the most egregious horse abuse in America," said Marty Irby, who is also an eight-time world champion equestrian and past president of the Tennessee Walking Horse Breeders' & Exhibitors' Association.

"Our civilization was built on the backs of horses, and it's long past time we properly protect them. Like the double rainbow the world saw following Queen Elizabeth's passing, I believe we're seeing an Act of God with this movement of PAST. The cause to end the abusive practice of soring has found a new angel, and I am so grateful to see this legislation clear the full Committee for the first time in 10 years." Irby added.

Irby was honored in 2020 by Her Majesty Queen Elizabeth II for his work to end soring and protect American equines. His most recent written work on soring and the queen, published this month by NBC News, can be found [here](#). Related stories are [here](#) on Monty Roberts from the New York Times and [Marty Irby](#) from AL.com.

"As you know, the late queen was a great horse advocate and apparently weighed in at some

point on this legislation,” said House Energy and Commerce Subcommittee Chairwoman Jan Schakowsky, D-Ill., a lifelong horsewoman and longtime co-leader of the PAST Act during the markup today. “I also want to thank all the advocates who have worked diligently for years.”

“I applaud the U.S. House Committee for advancing the PAST Act that I’ve worked with Monty Roberts and Marty Irby for the last 9 years to enact,” said Carl Bledsoe, a lifelong Tennessee Walking Horse trainer working to promote natural and more humane training principles and concepts. “It’s time to see the end of soring that’s plagued these horses we love so dearly for far too long and I call on the Congress to swiftly pass the PAST Act.”

## Background

The PAST Act, H.R. 5441/S. 2295, was introduced in the 117th Congress by U.S. Sens. Mike Crapo, R-Ida., and Mark Warner, D-Va., and Reps. Steve Cohen, D-Tenn., Vern Buchanan, R-Fla., Brian Fitzpatrick, R-Pa., Schakowsky, and Kurt Schrader, D-Ore., DVM, the only veterinarian in Congress. It passed the House by a vote of 333 to 96 in 2019 and was renamed in the U.S. Senator Joseph D. Tydings Memorial PAST Act at the request of the Tydings family to honor the late senator, who passed away in late 2018. The bill died on arrival in the Senate due to lack of support from key leaders in the Upper Chamber.

PAST would eliminate the use of large, stacked shoes and the ankle chains that are placed on horses’ feet to exacerbate pain in the showing and produce the Big Lick; revamp the USDA’s

inspection program; and provide felony level penalties to give teeth to the HPA.

Following PAST's passage in the House in 2019, Animal Wellness Action leaders worked with the industry for 19 months on revisions to the bill that would bring support from the top organizations in the Tennessee Walking Horse breed and from senators from Tennessee and Kentucky, who have long opposed the measure. They also worked with leaders in the breed to secure more than \$3 million in record breaking funding for enforcement of the Horse Protection Act in 2022, and more than \$4 million in funding for 2023 in the U.S. House Agriculture spending bill. The opportunity to make revisions to PAST still remains with Tennessee Walking Horse leaders who have conceded soring must end.

Animal Wellness Action is a Washington, D.C.-based 501(c)(4) organization with a mission of helping animals by promoting legal standards forbidding cruelty. We champion causes that alleviate the suffering of companion animals, farm animals, and wildlife. We advocate for policies to stop dogfighting and cockfighting and other forms of malicious cruelty and to confront factory farming and other systemic forms of animal exploitation. To prevent cruelty, we promote enacting good public policies and we work to enforce those policies. To enact good laws, we must elect good lawmakers, and that's why we remind voters which candidates care about our issues and which ones don't. We believe helping animals helps us all.
