## Key Trends In The Airport Moving Walkways Market

Partnership and collaboration are key airport moving walkways global market trends gaining popularity. The companies operating in the airport moving walkways market are partnering with technology companies to improve the operational capabilities and performance of their existing products. For instance, in May 2019, Telefónica, a European provider of broadband and telecommunications solutions partnered with Schindler to provide network and IoT connectivity to Schindler's wide range of smart escalators and elevators named Schindler Ahead. Schindler Group is a Switzerland-based manufacturer of moving walkways, elevators, and escalators.

## [Overview Of The Airport Moving Walkways Market](#)

The airport moving walkways global market consists of sales of airport moving walkways by entities (organizations, sole traders, partnership) that are made up of slow-moving conveyor systems that transport people over horizontal or inclined planes over a shorter distance and assist people in reaching the desired location at airports. They are installed in pairs with opposite directions of rolling with safety handrails alongside. They are also known as flat escalators or
