“Only disruptive technology can bridge the growing gap between the supply and demand of energy, water, food, and other global resources.”

— Walter [Schindler](#), speaking at Yale University

Walter Schindler, PhD, JD, is honored to serve as the Chairman of the Advisory Board of Creator Business Solutions Inc., the emerging global powerhouse of e-

commerce technology.

Dr. Schindler has also been honored for the eighth year in a row as “Game Changer of the Year – 2023 – USA.” This Award has resulted from the voting of over 538,000 readers in over 163 countries worldwide, a rigorous process managed by several international publishers.

Walter Schindler (<https://walterschindler.com/>) has won more international awards for his sustainable investment vision and game-changing achievements than any other American. For example, he has been selected by international judges based in London “Game Changer of the Year” for each of the last eight (8) years. And he has been honored at private receptions and dinners by the Royal Families of the United Kingdom and Liechtenstein and by the World Economic Forum in Geneva.

In 2020 Walter accepted the invitation of Forbes Magazine to join the Forbes Business Council and has thus far published twelve (12) articles in Forbes.

It is a great honor and privilege for Walter to serve as Chairman of the Advisory Board of Creator Business Solutions Inc., the emerging global powerhouse of e-commerce technology.

Also serving on the Advisory Board is Tom Fisher, who has an accomplished international track record of developing, implementing and delivering high-tech solutions across Cloud, Digital, eCommerce, Software-as-a-Service (SaaS) and other major sectors.

In the history of technology in America, a few notable positions (listed below) confirm Tom's legendary role as the "Godfather" of cloud computing:

eBay Acting Chief Technology Officer (CTO)

Oracle Senior Vice President & Global Commercial Cloud Services CIO

Qualcomm Vice President

Gateway Chief Architect & Vice President, Global Architecture & Security

MapR Technologies CTO & Executive Vice President

President, Forbes Technology Council.

When interviewed in London, Dr. Schindler noted with special emphasis: "I wish to acknowledge publicly with deep gratitude the encouragement of H.R.H The Princess Royal (Princess Anne), who held a private reception and dinner in my honor in November 2016 at St James Palace. She then stated her generous words 'to encourage you' when I asked her why she organized the event. And in 2017 she organized another special event at Marlborough House for leaders of the British Commonwealth and included me as her special guest."

Selfless devotion to the future of a better world is the essence of nobility.
