Trending Fire Testing Market Trend

Product innovations are a key trend gaining popularity in the fire testing market. Major

companies operating in the fire testing market are developing innovative products to strengthen their position. For instance, in October 2020, UL Solutions, a US-based safety science company, launched a unique free energy storage fire safety test database. This unique database allows energy storage system manufacturers to list the results of their UL 9540A thermal runaway fire propagation tests. The information from UL 9540A testing supports important safety decisions about how the BESS can be installed and used.

### [Fire Testing Market Segments](#)

- By Service: Testing, Inspection, Certification, and Other Services
- By Sourcing: In-house, Outsourced
