“

National Safety Month is an excellent opportunity to emphasize the importance of proactive safety measures.”

*HoistCam Founder and CEO
Christopher Machut*

National Safety Month, observed each June, serves as a reminder of the importance of putting safety first in all aspects of life. This month-long initiative raises awareness and provides individuals and organizations with valuable resources to help prevent accidents, injuries, and other safety-related issues.

HoistCam, [Netarus'](https://www.netarus.com) flagship product, is a state-of-the-art camera system designed to help increase visibility and productivity in a variety of work environments that include

the use of cranes and heavy equipment. By providing a real-time video feed and offering advanced features such as zoom, pan, and tilt, HoistCam enables operators to have enhanced visibility of their surroundings, reducing blind spots and minimizing the risk of accidents.

"National Safety Month is an excellent opportunity to emphasize the importance of proactive safety measures," HoistCam Founder and CEO Christopher Machut said. "At HoistCam, safety is

at the heart of everything we do. We are committed to developing innovative solutions that help businesses prioritize safety, increase productivity, and create safer work environments for their employees."

The HoistCam system enables operators to monitor operations remotely, allowing them to make informed decisions, avoid potential hazards, and reduce blind spots. HoistCam's seamless integration into a wide range of heavy equipment and machinery makes it a versatile and indispensable tool in industries such as construction, maritime, and logistics.

In line with their commitment to proactive safety practices, HoistCam

offers comprehensive training and support to ensure businesses maximize the benefits of the system. The team provides expert guidance on the installation, operation, and maintenance of HoistCam, helping businesses achieve optimal safety outcomes while optimizing operational efficiency.

As part of their National Safety Month celebration, HoistCam is actively engaging with industry leaders, safety professionals, and businesses to raise awareness about the importance of integrating proactive safety measures into their workflows. By sharing insights, best practices, and success stories, HoistCam aims to inspire a culture of safety excellence and promote safer working environments across various industries.

About HoistCam by Netarus:

Netarus is a leading provider of innovative technology solutions, specializing in easy-to-install operator aids and camera systems. With a focus on enhancing visibility, productivity, and safety in hazardous work environments, HoistCam empowers businesses across industries to mitigate risks, improve operational efficiency, and prioritize the well-being of their workforce.
