SAN ANTONIO, TX, USA, August 18, 2023 /EINPresswire.com/ -- Texas-born singer songwriter Jeremy Parsons releases his new single, "Life Worth Dyin' For" on August 18th, a follow-up to his Top 15 UK iTunes hits, "Tickin'" and "Humanity."

The song is a soul-stirring ballad that explores the idea of living a life that one would be content with: "a life worth dyin' for." The track is the latest single from his 2021 album Things To Come and is driven by Parsons's heartfelt musings, contemplations, and experiences.

"Every morning I wake up, and I check in with myself. I have a whole roll call of questions and thoughts. One is if I'm happy with my journey and the path that I'm on still. It's never come close to leaning toward a no. Another critical question is, if it all ended today or even right there at that moment, would I feel content with the life that I lived? The answer is always a resounding yes," Parsons says.
