## Book Snippets:

**RED HOTEL:** Terrorists bomb a hotel in Tokyo, but the reverberations are felt around the world. A high-ranking Kremlin diplomat is assassinated. A building in Kiev blows up. Russia begins to amass forces along its western borders. Former Army intelligence officer Dan Reilly, now an international hotel executive with high-level access to the CIA, believes the plot is much bigger than anyone imagines, involving the empire-building, Putin-esque president of Russia.

Red Hotel Series - 3 Books

**RED DECEPTION:** America's infrastructure is under attack! When terrorists bomb bridges that cross the Potomac, the Mississippi, Pittsburgh's three rivers, and the Lincoln Tunnel under the Hudson, America realizes how vulnerable we are. Hoover Dam could be next, threatening energy and water services throughout the Southwest. All of the attacks had been predicted in a secret U.S. State Department Bureau of Intelligence report written years earlier, a virtual blueprint for disaster, somehow leaked and now in the hands of foreign operatives. Who is responsible? While Washington is distracted domestically, Russian President Nicolai Gorshkov sends troops to the borders of Ukraine and Latvia, ready to move in.

**RED CHAOS:** The Arctic ice is melting, the waters are warming, and Russia's ever-expanding fleet of oil tankers grind through the Northern Sea Route to China. With a fleet of nuclear ice breakers clearing the way, Russian ships were setting new records to reach China and fulfilling a simple equation: Russian President Nicolai Gorshkov needs China's money to fund his expansionism plans past Ukraine and Latvia while China, the thirstiest oil nation in the world, needs affordable fuel.

RED HOTEL, RED DECEPTION and RED CHAOS are published by Beaufort Books and are available in print, eBook, and Audible additions at Amazon, Barnes & Noble or a bookstore near you.
