

Detecting LLM Hallucinations Made Possible with New Fact-Checking Tool by Originality.AI

In a rigorous Accuracy Study, Originality.AI's Fact-Checking Tool outperformed its competitors.

COLLINGWOOD , ONTARIO, CANADA, October 24, 2023 /EINPresswire.com/ -- Originality.AI, the most [accurate AI Content Detection tool](#) introduces its new Fact-Checking Tool. This tool represents a major advancement in countering misinformation and "hallucinations" in AI-generated content.

In a rigorous Accuracy Study, Originality.AI's Fact-Checking Tool outperformed competitors, achieving a 72.3% accuracy, with GPT-4 following at 64.9%.

Why Fact-Checking Matters:

Originality.AI has the tools to let you check for accuracy, plagiarism, and the likelihood of AI-generated text in documents."

Jonathan Gillham

Misinformation and false claims continue to spread through AI-generated content, presenting a significant challenge in today's digital landscape. Hallucinations, the phenomenon where AI systems confidently provide unsubstantiated information, have become more prevalent. This trend poses a real danger to the integrity of information online.

Originality.AI's Fact-Checking Tool: A Solution for Content Editors

Originality.AI's Fact-Checking Tool is designed to assist content editors and writers in the fact-

checking process, offering a powerful defense against hallucinations and the spread of false information. This tool aims to guide users toward trusted and credible sources, fostering the creation of more accurate and reliable content.
