A Winter's Eve with David Arkenstone & Friends

"A Winter's Eve" tour will debut songs from David's No. 1 Amazon Hot New Release *Winterlde*, a winter-themed album inspired in part by David's travels through the majestic snow-covered mountain towns of Colorado. "With this recording," says David, "I set out to capture the feelings I get when winter comes around. It's an idealized winter to

be sure, but I wanted to illustrate some of the moods that come over me during this unique time. It seems to me the earth is more quiet and there's more time for reflection and contemplation. These songs are like chapters in a book, with each sound painting embodying a characteristic or mood that is meaningful during this magical season."

Since the release of his acclaimed album *Valley in the Clouds* in 1987, David Arkenstone has become one of the most engaging and prolific instrumentalists of our time, receiving Grammy® nominations in 2022, 2020, 2004, 2000, and 1992. With over 1.1 billion streams worldwide, 60+

albums, film and TV scores, gaming scores for World of Warcraft, and NBC Sports themes such as The Kentucky Derby and Premier League soccer, David's music is the soundtrack to listeners' lives, taking fans of all ages on a fantastic musical journey.
