INDIA, November 27, 2023

/EINPresswire.com/ -- Melbicom, a leading global of Server infrastructure for Businesses is proud to announce its expansion toward Mumbai, India. A key location to reach the tremendous ever-growing Indian market.

Impeccable Infrastructure with Scalable Power Solutions:

The datacenter spanning over 50 000 square feet is designed for hyperscaling. Powered by 2MW of power, expandable to a colossal 4MW, this center is equipped to accommodate the increasing demand for dedicated hosting services, cloud solutions, data storage & content delivery network with a minimal latency in the region.

Mumbai's New Data Center Paradigm: Premier Connectivity Meets Technological Excellence:

Located in Mumbai's vibrant heart, our new data center is a cornerstone of high-level technological infrastructure. Mumbai, a city renowned for being at the forefront of technological evolution, offers an ideal landscape for internet connectivity. This is not only due to the presence of three major critical Internet Exchanges (IXs), which enable highly efficient network peering, but also because of the city's integration with 14 Intercontinental cables forming an opportunistic
