

# Unily Positioned as a Leader in 2023 Gartner® Magic Quadrant™ for Intranet Packaged Solutions

LONDON, UK, December 5, 2023 /EINPresswire.com/ -- Unily today announced that it has been named a Leader by Gartner in its 2023 Magic Quadrant for Intranet Packaged Solutions.\* Unily was evaluated for its Ability to Execute and Completeness of Vision alongside 14 other vendors.

“Today’s digital-first employees expect their employers to understand their needs and engage them with relevancy,” said Chris Ciauri, CEO, Unily. “We believe Gartner establishing a Magic Quadrant for this category demonstrates the critical role of intranet technology in enabling the future of work. While the last 10 years were focused on customer experience, this next decade will be defined by employee experience. Unily is laser-focused on providing the best possible employee experience solutions for enterprises all over the world. We’re thrilled to have been positioned as a Leader in this inaugural Gartner Magic Quadrant for Intranet Packaged Solutions.”

According to Gartner, “Magic Quadrant reports are a culmination of rigorous, fact-based research in specific markets, providing a wide-angle view of the relative positions of the providers in markets where growth is high and provider differentiation is distinct. Providers are positioned into four quadrants: Leaders, Challengers, Visionaries and Niche Players. The research enables you to get the most from market analysis in alignment with your unique business and technology needs.”

Unily is a global leader in employee experience solutions. Fortune 500 companies and large global enterprises including CVS Health, Johnson & Johnson, The Estée Lauder Companies, Shell, Wipro, and many more are already transforming employee engagement, creating digital simplicity, and driving world-class employee experiences with Unily.
