Neeyamo's ability to provide comprehensive payroll capabilities recognized by NelsonHall in 2023 NEAT vendor evaluation for payroll services.

LOS GATOS, CALIFORNIA, USA, December 7, 2023 /EINPresswire.com/ -- NelsonHall has recognized [Neeyamo](#) as a 'Leader' in its 2023 NEAT vendor evaluation for payroll services.

NelsonHall NEAT 2023

NelsonHall is a leading global analyst firm that helps organizations transform their digital operations, including payroll, based on rigorous research and in-depth insight.

The NelsonHall Vendor Evaluation & Assessment Tool (NEAT) analyzes the performance of vendors providing payroll services. It enables strategic sourcing managers to evaluate vendor capabilities in various criteria and business scenarios, such as integration capabilities, flexibility and scalability, reporting and analytics, and employee experience, and pinpoint the top-performing vendors with expertise in digital payroll, multi-country payroll, and extended HR services.

The tool categorizes vendors into High Achievers, Leaders, Major Players, and Innovators based on criteria like comprehensive payroll capabilities, digital payroll capabilities, and multi-country capabilities.

The NEAT tool helps organizations analyze the payroll provider market, and assess providers based on their ability to best meet their current and future needs. It also provides an opportunity for vendors to benchmark themselves against competitors. This year, 15 payroll providers were assessed on their payroll capabilities. Neeyamo was recognized as a Leader in all three evaluated capability areas.

"This recognition from NelsonHall validates our relentless pursuit of payroll innovation," says Samuel Isaac, President at Neeyamo. "At Neeyamo, we are trailblazers empowering

organizations to thrive in the evolving global work landscape.
