FRAZEYBURG, OH, UNITED STATES, January 30, 2024 /EINPresswire.com/ -- Continuing the company's growth and job creation, Ridge Corporation, a leading manufacturer, and innovator of advanced fiber reinforced composites founded in 2004, is now renovating its addition of 239,500 sq. foot of manufacturing space in Frazeyburg, Ohio. The expansion will accommodate more employment in Frazeyburg in addition to its 96 existing employees in Etna.

Ridge Corporation

The expansion and renovation is expected to be completed by April 2024. Ridge is currently hiring at top pay at its Frazeyburg and Etna locations to develop skills for full time employees as new equipment is arriving daily. This expansion will bring the total employment level to 300 plus employees with room for more employment soon.

“

Ridge's continued diversified growth is due to new product and new process development that caters to dynamic customer needs in a responsible green environment.”
