

With 600,000+ Tech Community Votes, HackerNoon Announces the Winners of Startups of the Year 2023

With 600,000+ tech community votes, HackerNoon concludes another successful startups of the year awards with over 4,000 winners and runners-up across the globe.

EDWARDS, COLORADO, UNITED STATES, February 20, 2024

/EINPresswire.com/ -- HackerNoon, the technology publishing company, announced today the winners and runners-up of [Startups of the Year 2023](#) — a global, tech community-

driven award for startups. This annual flagship event was launched on May 8th, 2023, where the internet nominated and voted for 30k startups around the world.

The voting period remained open until December 31st, 2023. Startups of the Year 2023 concluded with 623k+ total votes, up from 215k+ votes in the inaugural startup competition. After careful evaluation of the votes, HackerNoon is pleased to [announce the winners](#) and runners-up for the 2023 iteration of the Startups of the Year. on.

“Traction can be tough to measure,” said HackerNoon Creator and CEO David Smooke. “But these startups demonstrated their traction by mobilizing their own communities and earning votes from the HackerNoon community. I’m thrilled to quantitatively recognize, celebrate, and validate these startups on the rise. Voting creates original and trusted data points to complement the qualitative traction of stories published on the HackerNoon platform.”

The Startups of the Year 2023 saw an increasing trend of thriving startups across the globe. Let’s celebrate the cities with top votes per region for 2023:
