

# Enginuity Power Systems Announces New Product Line in Partnership with Kiturami

*Enginuity's new 100kW and 200kW combined heat and power systems will be available in the United States and Canada in Q3 2024*

ALEXANDRIA, VIRGINIA, UNITED STATES, February 22, 2024  
[/EINPresswire.com/](https://EINPresswire.com/) -- [Enginuity Power Systems](#)

(Enginuity) is pleased to announce an agreement with Kiturami Co., Ltd. ("Kiturami"), based in South Korea, to bring to market Kiturami's 100kW and 200kW combined heat and power systems for commercial and industrial installations.

The Kiturami products will be brought to market under the Enginuity brand name. Under this agreement, Enginuity has acquired the exclusive rights to sell the product in the United States and Canada. These proven products are a logical and ideal product line expansion to Enginuity's 8kW and 20kW combined heat and power systems that are in

development for residential and light commercial applications. The parties are working together in an expedited basis to achieve U.S. certification by mid-2024.

“Enginuity is very excited to partner with Kiturami, an internationally recognized blue chip company with a stellar reputation,” says Enginuity Power Systems’ CEO Jacques Beaudry-Losique, “the 100kW and 200kW combined heat and power systems are an excellent fit for businesses who have a recognized need for resilience, carbon emission

reductions and substantial cost savings. These two products will powerfully complement our existing portfolio of products and services. We also look forward to working with Kiturami on several potential new initiatives, as our relationship matures.”

“We joined forces with Enginuity because we were impressed by their understanding of the
