“

We are honored to be recognized as the Top ranked French company for business growth, and how that ranking reflects in our position within the broader European market.”

This announcement falls on the heels of a recent announcement that TapNation was also the Top ranked company of the esteemed Les Echos "Champions de la Croissance 2024" French ranking, representing the fastest-growing businesses in France. "We are immensely proud of the work we've been able to accomplish over the last year," says TapNation Co-founder , Hervé Montoute.
