

# Empowering Change: World Hydrogen North America Spotlights Female Leaders on International Women's Day

*Recognizing the invaluable contributions of women in shaping the hydrogen industry!*

LONDON, LONDON, UNITED KINGDOM, March 8, 2024

[/EINPresswire.com/](https://www.einpresswire.com/) -- As the world commemorates [International Women's Day](#), [World Hydrogen North America](#) is proud to announce a dynamic lineup of female speakers set to take the stage at the upcoming event in Houston. Scheduled for May 21-23, 2024, this highly anticipated conference will bring together over 1,200 key players from across the hydrogen value chain to align on solutions to current obstacles, forge new partnerships, and ultimately accelerate the energy transition.

The banner features the event title "world hydrogen north america" and dates "May 21 - 23, 2024 | Houston, Texas". Below this, it says "Celebrating International Women's Day!". A central graphic lists event statistics: "200+ Speakers", "50+ Hours of content and networking", "1200+ Attendees", and "12 in-depth Masterclasses". The banner also includes the website "worldhydrogennorthamerica.com" and social media handles "#WHNA #WHNA2024".

Join hydrogen female experts at World Hydrogen North America 2024, May 21-23, Houston

“

The biggest takeaway has been the tremendous opportunity to collaborate across the region and in policy, regulation and of course the role of industry associations in developing the hydrogen space.”

*Ivette Vera-Perez, Canadian Hydrogen & Fuel Cell Association*

Recognizing the invaluable contributions of women in shaping the hydrogen industry, World Hydrogen North America is committed to fostering diversity and inclusivity within the sector. The event serves as a platform to highlight the expertise and achievements of female leaders who continue to drive innovation and progress in the field.

Among the distinguished speakers at World Hydrogen North America are women who have made significant strides in advancing hydrogen technologies, policy development, and sustainability initiatives, from across the hydrogen value chain, including:

Jane Stricker, Senior Vice President, Energy Transition & Executive Director, Greater Houston

## Partnership

Ivette Vera-Perez, President and CEO, Canadian Hydrogen and Fuel Cell Association

Kristine Clark, Director of Clean Energy Technology, CF Industries

Katrina Fritz, President & CEO, California Hydrogen Business Council

Ana Quelhas, Managing Director Hydrogen, EDP Renewables

Brooke Vandygriff, COO, HIF Global

Dr. Anita Sengupta, CEO, Hydroplane

Colleen Wright, Vice President Corporate Strategy, Constellation

Nora Han, Vice President of Hydrogen Products, ABB

Carolina Lopez-Rocha, Hydrogen Financing and Risk Mitigation Lead, World Bank

Kendall Stephenson, Manger, Policy, Global Energy Institute, U.S. Chamber of Commerce
