

SCHNEIDER ProSeries NUC - DECK Mini PC with Intel® Alder Lake-N Processors

SCHNEIDER a leading provider of global systems, has released new Mini PCs powered by Intel® N95 (Alder Lake-N).

TOULOUSE, OCCITANIE, FRANCE, March 19, 2024 /EINPresswire.com/ -- SCHNEIDER ProSeries NUC – DECK Mini PC with Intel® Alder Lake-N Processors

Toulouse, France (March 19, 2024), SCHNEIDER a leading provider of global systems, has released new Mini PCs powered by Intel® N95 (Alder Lake-N). Compared to the previous Intel® Celeron® Processor J6412 (Elkhart Lake), the Intel® Processor N95 (Alder Lake-N) showcases remarkable CPU performance increase of up to 30% and graphics performance up to 150%.

NUC DECK Mini PC for Versatile Applications

The NUC DECK N95 Mini PC is compact in size, measuring 120.0 x 120.0 x 39.50 mm (L x W x H) with ultra-silent cooling solution. Offering a rich selection of I/O Ports and expansion slots for streamlined versatility. Based on Intel® Processors N95 (Alder Lake-N), it guarantees CPU and graphics performance.

Scneider ProSeries NUC DECK

For Ethernet connectivity, the NUC DECK comes Gigabit LAN (Realtek RTL8111H-CG) and Intel® Wi-Fi 6 AX201 for wireless connection.

The NUC DECK N95 Mini PC, includes two USB 3.2 Gen2 (Type A), two USB 2.0 (Type A), one audio and microphone jack and Built-in Microphone and two Type-C (Support PD65W, DisplayPort and USB Charge).

The NUC DECK N95 also provides excellent visual capabilities, supporting triple-display with HDMI 2.0b and DP 1.4a (through Type-C) up to 4096x2160@60Hz.

The system offers one storage with M.2 PCIe Gen 3 and supports one 260-pin SO-DIMM DDR4 3200MHz up to 16GB. In addition, the NUC DECK N95 comes with a 19V/65W power adaptor and VESA mounting bracket for space-saving installation.

The NUC DECK N95 is the choice designed to meet the advancement of your needs in home entertainment, office productivity, business, and embedded applications.

About SCHNEIDER

Founded in 1934, Schneider is a leading French brand known for the quality of its appliances and its commitment to making technology accessible to all. By choosing the historic Schneider brand, you are choosing a team with a great experience in the world of technology. Innovation is our philosophy to allow us to move forward with you.

About BLEU JOUR

Since 2002 in Toulouse (France) BLEU JOUR is a multiple design award-winning manufacturer of computers (PCs, Mini PCs, workstations, on-board PCs, etc.) and accessories based on the company's five founding pillars: Quality, Aesthetics, Innovation, Practicality and Exclusivity. In a constantly changing world, BLEU JOUR designs products where aesthetics are combined with innovative technological solutions, initially achieving market impact with the launch of KUBB, a designer and customizable computer in the form of a 12 cm cube. Handcrafting their designs in-house, BLEU JOUR's technical components are from major suppliers, with Intel® the brand's main partner.

In 2023, BLEU JOUR acquired the well-know French Gaming Brand MGG Millenium as well as the reindustrialization in Europe of Schneider Brand Computers.
