Castle Dental is now Center Valley Dental

“

With CEREC technology, we're able to streamline the dental crown process, significantly reducing wait times and enhancing patient comfort.”

Dr. Matthew Lang

Dr. Matthew Lang, dentist at Center Valley Dental, states "With CEREC technology, we're able to streamline the dental crown process, significantly reducing wait times and enhancing patient comfort. Our ability to design, create, and place high-quality ceramic crowns in just one appointment is a game-changer in dental care."

CEREC utilizes 3D scanning and printing technology to precisely craft dental crowns that perfectly match the size, shape, and color of a patient's natural teeth. This

innovation not only accelerates the treatment process but also delivers results that are aesthetically pleasing and durable.

Recognized as a leading Lehigh Valley cosmetic dentist, Center Valley Dental's commitment to integrating the latest technologies into their practice ensures patients receive the highest standard of care.

Patients interested in experiencing the benefits of CEREC dental crowns are encouraged to contact Center Valley Dental to schedule a free consultation. By visiting <https://centervalleydental.com/request-an-appointment/>, individuals can take the first step towards a more convenient and efficient dental care experience.
