leader in transportation, logistics, and unique supply chain solutions, is proud to announce that it has been named to the annual Transport Topics Top 100 list of North America's largest logistics companies based on gross revenue for the most recent 12-month period. [Logistics Plus moved up the rankings to the 82nd spot](#) after making the list for the first time in 2023 in the final 100th spot. Logistics Plus also ranked as the 38th largest dry storage warehousing firm and the 66th largest freight brokerage firm.

"Despite this challenging business environment, the industry's top 3PLs have continued to drive improvements in supply chain efficiency for their shipper customers."

"Logistics is in our DNA," said Jim Berlin, Founder and CEO of Logistics Plus. "As the world keeps changing, we find creative ways to help our customers adapt and succeed. Our passion for excellence has taken us in newer and newer directions as we have grown every year over the past 27 years."
