

New Dating App “Fox Hunters Club” Connects Millennial Women with Older Men

The dating app for non-transactional, May-December relationships will launch in the NYC area on April 24.

NEW YORK, NY, USA, April 16, 2024 /EINPresswire.com/ -- Fox Hunters Club, the first dating app targeting millennial women seeking committed relationships with older men, announced today that it has exited stealth mode and will officially launch on April 24 in the New York City area. Developed with the discerning dater in mind, Fox Hunters Club is a game-changer in the industry, offering an elevated alternative to sugar baby apps.

Fox Hunters Club logo

After creating a profile and entering age and distance preferences, Fox Hunters Club members swipe to “like” or pass on other members. After matching, members can securely chat with each other in-app, whether on iOS or Android. Premium members have access to additional features such as unlimited likes and hiding their age and location.

“

This is the dating app that I could not find on the market, and I’m proud to fill this gap.”

Brownie Marie, Fox Hunters Club

Fox Hunters Club is unique in that it targets millennial women who are seeking a loving, non-transactional relationship with men who are Generation X or baby

boomers. This isn’t an app matching co-eds and millionaires, or for those looking to hook up, “hang out,” or text endlessly. Fox Hunters Club members are looking for substance.

“I’m excited to finally introduce Fox Hunters Club to the world,” said celebrity journalist and Fox Hunters Club founder Brownie Marie. “This is the dating app that I could not find on the market, and I’m proud to fill this gap. I can’t wait for Fox Hunters Club members to find the person and the relationship of their dreams.”

Fox Hunters Club is available now for download on the [App Store](#) and [Google Play](#), and launches in the New York City area on April 24. The app will expand to additional markets in the coming months, with plans to eventually be nationwide.
