Murder with the Stars taps into the rich tradition of horror movies and their immense popularity. Films, like the Scary Movie franchise, have shown us that audiences love to be scared and amused simultaneously, and Murder with the Stars raises that concept to a whole new level!

Prepare to gasp and laugh in equal measure as *Murder with the Stars* takes you on a journey through the darkest corners of Hollywood. With its irreverent humor, suspenseful plot twists, and jaw-dropping gore, this is one film that is sure to leave a lasting impression.

Shoemaker commented, "This idea came to me several months ago, and I knew I was onto something unique and fun. Since then, the creative process has unfolded effortlessly including two old friends, Jonathan Silverman and Jeff Franklin, jumping on board. It's a killer team. In the case of this horror film, pun intended."
