“I’m incredibly proud of our team for their unwavering dedication to quality care and service,” shared Ovation’s Regional Vice President of Operations Stephanie Grade. “Ovation Heartwood Preserve and Ovation Sienna Hills have won several awards in just the few years we’ve been open. We look forward to many more years of serving our

residents and their families with the high standard of service they deserve.”

The AHCA/NCAL National Quality Award Program is a rigorous three-level process reviewed and evaluated by trained experts against a set of nationally recognized standards for organizational excellence. The standards of the Baldrige Performance Excellence Program help organizations achieve superior performance over time to improve the quality of life and care of long-term care residents.

Providers begin the quality improvement journey at the bronze level, where they develop an organizational profile detailing among other elements their vision, mission, key customers, and key strengths and challenges. Bronze applicants must demonstrate the use of a performance improvement system. Trained examiners review each application to determine if a center has met the demands of the criteria. As a recipient of the Bronze - Commitment to Quality award, each of these winning senior living communities may now move forward to the Silver - Achievement in Quality award criteria.

“Receiving this award marks the beginning of an exciting journey towards excellence,” said Cathy Bergland, AHCA/NCAL National Quality Award Board Chair. “Congratulations to Areté Living for this significant achievement. I encourage you to take some time to celebrate and continue striving for higher levels of quality and performance.”

The National Quality Awards will be presented during Delivering Solutions 24, the AHCA/NCAL Convention & Expo held October 6-9, 2024 in Orlando, Florida.
