At the age of 6, coming from a low-income family, Sam N. found support at Casa Hogar "Manos de Amor" located in Bucerias, within the same municipality of Bahía de Banderas, where Kovay Gardens is also headquartered nearby. This institution provides food, care, activity programs, and attention to children from economically challenged, physically challenged, or dysfunctional families.

What Is Kovay Gardens Miracles?

Thanks to the generosity and community commitment of Kovay Gardens and Kovay Gardens Miracles, Sam N. received the necessary support to overcome his health challenges. Today, at 19 years old, he is an enthusiastic young man who has completed his secondary education and regularly visits the foster home that supported him during his childhood.

At the meeting, Sam N. had the chance to meet and express his profound gratitude to one of his benefactors, Grupo Kovay. This moment truly encapsulates the positive impact of this partnership for many attending.

The meeting also highlighted another example of a thriving community partnership. The entire bathroom restoration project at Emiliano Zapata Elementary School has been completed, helping to create a clean, functional, and hygienic environment for nurturing the local children. This project included financial support and many hours of volunteer service and was greatly appreciated by the children, teachers, and parents.

Both Kovay Gardens and Kovay Gardens Miracles, with their unwavering commitment, have reaffirmed their dedication to the community's well-being and hope to continue being a beacon of positive change in the lives of many more young people like Sam N. and the students of Emiliano Zapata Elementary School.
