Dance with Detective Zomby in celebration of solving the case!

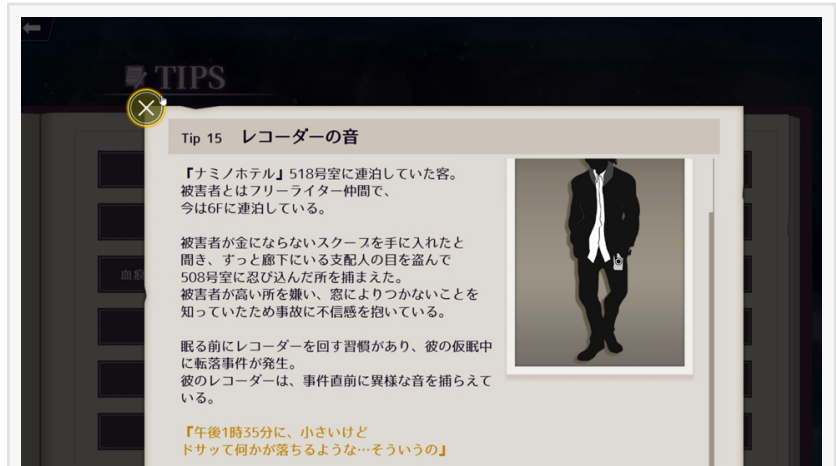

Accident or homicide? Uncover the mystery of the Namino Hotel Fall Case.

- How to play "Zombie Police"

This game is a classic mystery game featuring the mismatched buddy duo of Detective Zomby and Detective Tamura. Players can enjoy simple yet authentic mystery-solving.

While conducting unique inquiries that only Detective Zomby can do, gather information at the crime scene and aim to uncover the truth.

The important information collected is registered as "TIPS" and can be reviewed at any time.

Gather clues and make a deduction. After the investigation starts, you can deduce whenever you like.

A feature of this game is that players can end the investigation and move on to the deduction phase at the point when they have a hunch about the culprit.

Proceed with the deduction alongside Detective Tamura based on the information gathered. Even if you fail in your deduction, don't give up - gather more information and try again. Help may come from somewhere unexpected.
