*Celebrate Inclusivity and Imagination with Iris and the Weird Enough Team*

ATLANTA, GA, UNITED STATES, June 20, 2024 /EINPresswire.com/ -- In celebration of Juneteenth, the award-winning webcomic, with over 800,000 readers, The UnCommons is making a highly anticipated return to Webtoon on June 19th, 2024. Created by the innovative mind of Tony Weaver Jr. The UnCommons follows the inspiring story of Iris, an inexhaustible optimist whose mystical eyes show her a vision of the end of the world.

Despite her daunting visions, Iris' mystical eyes also offer a solution, Iris alone can stop the apocalypse by gathering the four sacred artifacts scattered about the earth by her fallen ancestors.

Packing her bags and running away from home, Iris embarks on a globe-trotting adventure where she encounters The Weird Enough team. Weaving elements from West African, Guatemalan, and Aztec mythology into a unique and cohesive narrative the story explores what it truly means to be uncommon. Iris and her friends embody the strength and beauty found in diverse perspectives and cultures.

Following Tony's belief in championing diversity, The UnCommons is more than just a comic, it is a celebration of diversity and a testament to storytelling. This story reflects Weaver's commitment to diversity.

"The UnCommons is a story that champions diversity in fantasy, and uses history as an inspiration to imagine a brighter future," says Tony Weaver Jr., the visionary behind Weird Enough Productions.
