Family. Our victory on Saturday clearly demonstrates that grassroots Republican voters in Florida reject being told by Washington insiders who should represent them in Congress. The choice for new leadership is up to them, the voters. I will continue to give my all in this campaign and every day after I am elected to serve the people of our district in Washington, DC.”

Hearton is a successful businessman, entrepreneur, father and grandfather. Born in Washington DC, Hearton’s industry leadership helped establish critical partnerships and government cooperation, such as the first-ever Memorandum of Agreement between the Department of Defense and the Drug Enforcement Agency. His efforts have supported border security and the prosecution of drug traffickers, reinforcing his belief in strong, defended borders.

Hearton’s career and success has been focused in Cybersecurity, helping to protect critical national assets from Chinese and other foreign investment. His knowledge in the technology industry will be a welcome change from so many in Washington who are less adept in the field and will help protect our infrastructure and information from those who want to harm us.

The Republican primary election, open to all registered Republicans in Brevard and Indian River Counties is on Tuesday, August 20, 2024. A small portion of Orange County is also included in Florida District Eight. The general election is on Tuesday, November 5, 2024.
