

# NaturePest Holistic Pest Control Now Serves the City of Sunrise, Florida

*NaturePest, a pioneer in eco-friendly pest control solutions, is proud to announce its expansion into Sunrise, Florida.*

SUNRISE, FL, USA, June 27, 2024 /EINPresswire.com/ -- NaturePest, a pioneer in eco-friendly [pest control](#) solutions, is proud to announce its expansion into Sunrise, Florida. This exciting development brings NaturePest's comprehensive suite of holistic pest management services to the residents and businesses of Sunrise, ensuring effective, safe, and environmentally responsible pest control.

Bringing Eco-Friendly Solutions to Sunrise

NaturePest is dedicated to providing the highest quality pest control services that are not only effective but also prioritize the safety of families, pets, and the environment. With the expansion into Sunrise, NaturePest aims to address the unique pest control needs of this vibrant community using methods that align with sustainable practices and ecological responsibility.

“

We understand the importance of maintaining a pest-free environment without compromising the health and safety of our clients and the planet,”

*Franklin Hernandez*

“We are thrilled to extend our services to the wonderful community of Sunrise,” said Frank, CEO of NaturePest. “Our mission is to deliver top-tier pest management solutions that safeguard both health and the environment. We look forward to serving Sunrise with our innovative and holistic pest control methods.”

A Holistic Approach to Pest Control

NaturePest

NaturePest's approach to pest control is rooted in the principles of Integrated Pest Management (IPM), which combines multiple strategies to manage pests in a way that minimizes the use of harmful chemicals. This holistic approach includes thorough inspections, preventive measures, biological controls, and the targeted use of eco-friendly pesticides. Here are the key services now available to Sunrise residents and businesses:

Means No Pesticides On  
Little Hands & Paws!

Our Holistic Pest Control Approach Protects

About NaturePest

### Organic Compliant Ant Control

Ant Control Services: Ant infestations can be a significant nuisance and health concern. NaturePest specializes in controlling various ant species common in Sunrise, including ghost ants, bigheaded ants, crazy ants, carpenter ants, and whitefooted ants. Our organic compliant ant control methods include:

- Thorough Inspections: Identifying ant species and locating nests to develop an effective treatment plan.
- Targeted Baiting: Using eco-friendly baits to manage ant populations without harming the environment.
- Exclusion Techniques: Sealing entry points and implementing sanitation practices to prevent future infestations.

### Organic Compliant Cockroach Control

Cockroach Control Services: Cockroaches are known for their resilience and potential to spread diseases. NaturePest offers organic compliant cockroach control for species like German cockroaches, American cockroaches, and Australian cockroaches. Our approach involves:

- No Contamination Solutions: Utilizing our Exclusive ZERO Indoor Spray service to ensure no contamination of floors, surfaces, or air.
- Modern Baiting Techniques: Applying gel baits, dusts, granules, and insect growth regulators (IGRs) to effectively eliminate roach infestations.
- Preventive Measures: Implementing long-term solutions to keep cockroaches at bay.

### Natural Mosquito Control

Mosquito Control Services: Mosquitoes are more than just a nuisance; they are vectors for

serious diseases. NaturePest provides natural mosquito control solutions that include:

- **Integrated Management:** Combining traditional pyrethroid and IGR misting with innovative methods like ATSB (Attractive Toxic Sugar Bait), In2Care mosquito traps, and Inzecto mosquito traps.
- **Customized Treatments:** Offering the only 100% customizable mosquito service in South Florida, tailored to ensure maximum comfort in outdoor living spaces.

### Holistic Lawn Care

**Lawn Care Services:** A healthy lawn is an essential part of a beautiful home. NaturePest's holistic lawn care services ensure your lawn remains lush and pest-free. Our services include:

- **Lawn Pest Control:** Managing pests such as grubs, chinch bugs, fall armyworms, mole crickets, tropical sod webworms, and hunting billbugs using IPM strategies.
- **Weed and Disease Control:** Treating common lawn weeds like dollar weeds and globe sedge, and addressing lawn diseases such as large patch diseases and take-all root rot.
- **Biological Fertilizing:** Enhancing soil health with bio-stimulants, natural fertilizers, and products like kelp, micronutrients, molasses, and inoculum containing endo- and ecto-mycorrhizae fungi.

### No Tent Termite Treatments

**[Termite Control](#) Services:** [Termites](#) can cause severe structural damage to homes and buildings. NaturePest offers no tent termite treatments that are both effective and environmentally friendly. Our termite control solutions include:

- **Comprehensive Inspections:** Conducting thorough inspections to detect termite activity and assess damage.
- **Eco-Friendly Treatments:** Utilizing safer and effective treatments that eliminate termites without the need for tenting and fumigation.
- **Preventive Maintenance:** Implementing measures to protect properties from future termite infestations.

### Commitment to Safety and Environmental Responsibility

At NaturePest, our commitment to safety and environmental responsibility is at the forefront of our services. Our holistic pest control methods are designed to minimize the use of chemical pesticides, focusing on prevention, sanitation, and the use of natural and biological controls. This approach meets or exceeds the standards set by the U.S. Green Building Council (USGBC) for safety and effectiveness.

"We understand the importance of maintaining a pest-free environment without compromising the health and safety of our clients and the planet," added Frank. "Our methods are designed to

protect both people and nature, ensuring that our clients receive the highest level of service with the least environmental impact."

## Serving the Entire Sunrise Community

NaturePest is proud to serve all the neighborhoods and zip codes in Sunrise, including 33313, 33322, 33323, 33325, 33326, 33351, and 33352. Whether you are a homeowner seeking to protect your property from pests or a business looking for reliable pest management services, NaturePest is here to help.

## About NaturePest

Founded in 2014, NaturePest has become a trusted name in holistic pest control across South Florida. Our mission is to provide the safest, effective, and environmentally friendly pest management solutions that protect health and property. With a focus on integrated pest management (IPM) and the use of natural and botanical options, we strive to deliver exceptional service and results to our clients.
