HERNDON, VA, USA, July 3, 2024 /EINPresswire.com/ -- Tax2efile.com, an IRS-approved e-filing service, is ready to assist truckers with Form 2290 submissions for the 2024 tax season. The deadline to file is August 31, 2024.

Brandon McCrimmon from Tax2efile.com emphasizes the importance of filing Form 2290, also known as the Heavy Vehicle Use Tax (HVUT), for vehicles with a gross weight of 55,000 pounds or more. This mandatory filing applies to each heavy vehicle that has been in service during the tax year.

Key points to remember:

- Deadline: August 31, 2024
- Who Must File: Owners of vehicles with a gross weight of 55,000 pounds or more

"In order to e-file Form 2290, the vehicle must be registered under the owner's name according to state, District of Columbia, Mexican, or Canadian laws at the time of first use," Brandon from Tax2efile explained. He also mentioned that truck owners with more than 25 vehicles are required by the IRS to file electronically.

Regardless of the number of trucks, Tax2efile.com makes the e-filing process simple and secure. The IRS-authorized, user-friendly software even checks for errors before submission, ensuring accuracy and peace of mind.

2. Review and Submit: Verify the data and submit it to the IRS.
3. Receive Stamped Schedule 1: Get Schedule 1 within minutes.
