

# Nose by Zeynep and Konstantinos Paradeisopoulos Wins Bronze in A' Homeware Design Awards

*Innovative Bookend Design Recognized for Unique Fusion of Artistic Expression and Functionality*

COMO, CO, ITALY, July 4, 2024 /EINPresswire.com/ -- The A' Design Award, one of the world's most respected and well-recognized awards in the field of [homeware](#) design, has announced Nose by [Zeynep and Konstantinos Paradeisopoulos](#) as the Bronze winner in the Homeware Design category. This prestigious recognition highlights the design's exceptional creativity, practicality, and potential to positively influence industry standards.

Nose's win is particularly relevant to the homeware industry, as it showcases a unique approach to combining artistic expression with functional design. The bookend sculptures not only serve a practical purpose but also add a playful and contemplative element to any space, aligning with the growing trend of incorporating art into everyday objects.

The award-winning design stands out for its whimsical yet elegant aesthetic, featuring convex and concave shapes that invite closer observation and contemplation. Nose's innovative use of form and space challenges traditional notions of bookends, offering a fresh perspective on how these objects can enhance the visual appeal and character of a room.

This recognition from the A' Homeware [Design Awards](#) serves as a testament to Zeynep and Konstantinos Paradeisopoulos's dedication to pushing the boundaries of design. It is expected to inspire future projects that similarly blend art and function, encouraging the homeware industry

Nose

to explore new avenues of creative expression while maintaining a focus on practicality and user experience.

Nose was designed by Konstantinos Paradeisopoulos and Zeynep Onder Paradeisopoulos, who collaborated closely to bring this innovative concept to life. Their combined expertise in digital design and handcrafting allowed them to create a product that seamlessly merges technology with traditional manufacturing techniques.
