

Nttdata Xam Technologies Osaka by Hisashi Seike Wins Bronze in A' Interior Design Awards

Hisashi Seike's Innovative Office Complex Design Recognized for Excellence by Prestigious A' Design Award

COMO, CO, ITALY, July 6, 2024

[/EINPresswire.com/](https://www.einpresswire.com/) -- The highly respected A' Design Award has announced [Hisashi Seike](#) as a winner in the [Interior](#) Space and Exhibition Design category for the outstanding work "Nttdata Xam Technologies Osaka." This recognition highlights the significance of the A' Interior [Design Awards](#) within the interior design industry, positioning it as a prestigious acknowledgment of exceptional design achievements.

The A' Interior Space, Retail and Exhibition Design Award is particularly relevant to the industry and potential

customers as it showcases designs that align with current trends, advance industry standards, and provide practical benefits for users. By winning this award, Hisashi Seike demonstrates their ability to create designs that meet the needs and expectations of the interior design market.

Nttdata Xam Technologies Osaka stands out for its innovative blend of natural and industrial elements, infused with a distinct Japanese touch. The office complex features a conference room with Japanese paper walls, an integrated office space with glass partitions, and a rest area that includes a staircase-like kitchen and stage-like living/dining room. The restroom's flow line, combined with runway markings, symbolizes a journey and inspires new creations.

This recognition from the A' Interior Design Awards serves as motivation for Hisashi Seike to continue pursuing excellence and innovation in their future projects. It also has the potential to inspire other designers within the industry to explore new design approaches and push the

Nttdata Xam Technologies Osaka

boundaries of what is possible in interior design.

About Hisashi Seike

A Japanese interior designer based in Osaka who produces spatial design, furniture design, exterior design for restaurants, retail stores, offices, residences, exhibition halls, etc., as well as graphics and decorations related to those spaces. They are characterized by the use of materials that take advantage of the characteristics of the region, and many of the designs are simple and minimalistic, typical of Japan.

About Tdw-root

Based in Osaka, we are a design firm that conducts a wide range of design activities, including interior design and architectural design for various establishments such as restaurants, offices, retail spaces, as well as product design such as furniture.

About Bronze A' Design Award

The Bronze A' Design Award recognizes notable designs that demonstrate creativity, practicality, and professional execution. Winning designs are acknowledged for their thoughtful development, innovative use of materials and technology, and potential to positively influence industry standards. The rigorous selection process involves blind peer review by an expert jury panel based on pre-established evaluation criteria. Bronze A' Design Award recipients showcase a blend of technical proficiency and creative skill, offering solutions that enhance quality of life and contribute to a better world.

About A' Design Award

The A' Interior Space, Retail and Exhibition Design Award is an international, juried design competition that promotes excellence and innovation within the interior design industry. Organized annually since 2008, the award welcomes a diverse range of participants, including visionaries, leading agencies, innovative companies, renowned manufacturers, and influential brands. Through a rigorous blind peer-review process, entries are evaluated by an expert jury panel based on pre-established criteria. By participating, entrants gain the opportunity to showcase their creativity, receive global recognition, and be acknowledged for their superior design capabilities. The ultimate aim of the A' Design Award is to recognize and promote products and projects that advance and benefit society, helping to create a better world through the power of good design.
