

Revolutionizing Skincare Packaging: APG Introduces Innovative One-Way Valve Tubes

AZUSA, CALIFORNIA, UNITED STATES, July 9, 2024 /EINPresswire.com/ -- [APackaging Group \(APG\)](#), a leader in private label cosmetics and cosmetic manufacturing, has announced the launch of its new [one-way valve tubes](#) designed specifically for skincare products. These innovative tubes are set to revolutionize the cosmetic manufacturing industry by extending product shelf life, ensuring hygiene, and providing controlled dispensing.

"We are thrilled to introduce our new one-way valve tubes to the market," said Hannah Palese, Director of Communication at APG. "This product exemplifies our commitment to delivering cutting-edge, sustainable solutions for our clients in the beauty and personal care sectors."

APG's one-way valve tubes offer a variety of features, including customizable colors and decorative options such as hot-stamp, silk-screen, anodized, and UV spray finish. The tubes come in various sizes, with diameters and capacities designed to meet diverse customer needs. Key models include SKU APG-777268 with a diameter of D19 and capacity of 20ml, and SKU APG-700112 with a diameter of D29 and capacity of 30ml.

"With the introduction of our one-way valve tubes, APG continues to demonstrate why we are a trusted partner for prestigious brands like P&G, Unilever, Johnson & Johnson, Estée Lauder, and many more," said Ryan Huang, Director of Marketing at APG. "These tubes not only enhance product performance but also support our sustainability goals."

Founded in 2019 by Helga Arminak, CEO, APG has quickly established itself as a prominent name

in the industry. The company boasts an annual production capacity of over 600 million pieces and offers a low minimum order quantity (MOQ) of just 10,000 pieces, making high-quality packaging accessible to a broad range of clients.

As a women-owned, eco-friendly business, APG is committed to sustainability and innovation. The new one-way valve tubes reflect these values, providing a solution that prevents air exposure, reduces waste, and maintains product integrity by avoiding contamination from hands.

The image is a promotional sheet for APG's one-way valve tubes. It features a light green background with a central image of a purple tube and its cap. The text is organized into sections: 'Customization' (Color: Customizable color, Deco: Hot-stamp, Silk-screen, Anodized, UV Spray Finish), 'Features' (One-way valve tubes for skincare extend product shelf life by preventing air exposure, ensure hygiene by avoiding contamination from hands, and provide controlled dispensing to reduce waste.), and 'Sizing / Detail' (Fill Size: Variety of sizes depending on height, Main Material: 5-layer PE). Two specific SKUs are listed: SKU: APG-777268 (Diameter: D19, Capacity: 20ml (H130.9mm)) and SKU: APG-700112 (Diameter: D29 (Oval), Capacity: 30ml (H147mm)). At the bottom, there is contact information for inquiries and more options, and the APG logo.
