

# My Dream Home by Kris Lin Wins Bronze in A' Interior Design Awards

*Kris Lin's Innovative Public Welfare Renovation Project Recognized for Excellence in Interior Design*

COMO, CO, ITALY, July 9, 2024

/EINPresswire.com/ -- The prestigious A' [Design Award](#), one of the world's most respected design competitions, has announced [Kris Lin](#) as a Bronze winner in the [Interior](#) Space and Exhibition Design category for the exceptional work "My Dream Home." This public welfare renovation project has been recognized for its outstanding design, functionality, and positive impact on the lives of low-income families.

The A' Interior Space, Retail and Exhibition Design Award is highly relevant to the industry and its

stakeholders, as it showcases innovative solutions that address real-world challenges. By recognizing projects like "My Dream Home," the award promotes best practices and inspires designers to create spaces that enhance the quality of life for users, regardless of their socioeconomic status.

"My Dream Home" stands out for its creative approach to transforming a cramped 80 sqm garden apartment into a functional and aesthetically pleasing living space. The design incorporates large windows that bring nature indoors, minimalist elements that maximize space versatility, and senior-friendly features that ensure accessibility and safety. By addressing issues such as poor ventilation, limited privacy, and inefficient layout, the renovation significantly improves the living conditions of the family.

This recognition from the A' Design Award serves as a testament to Kris Lin's commitment to

excellence and innovation in interior design. It is expected to inspire future projects that prioritize the needs of underserved communities and demonstrate the transformative power of good design. As the project gains international exposure, it has the potential to influence industry standards and encourage more designers to take on public welfare initiatives.
