

# Lider Electric Joins Amazon's Prime Day Extravaganza on July 16-17

*This exciting two-day shopping event is set to offer customers up to 25% off on a wide range of high-quality Lider Electric products.*

NEWPORT BEACH, CALIFORNIA, UNITED STATES, July 15, 2024 /EINPresswire.com/ -- [Lider Electric](#), an emerging player in the electrical products industry, is thrilled to announce its participation in Amazon's Prime Day event on July 16-17. This exciting two-day shopping event is set to offer customers up to 25% off on a wide range of high-quality Lider Electric products.

Prime Day, Amazon's highly anticipated annual shopping event, attracts millions of shoppers worldwide, and Lider Electric is proud to be part of this grand retail celebration. Customers can look forward to special discounts on some of Lider Electric's most popular items, making it the perfect time to upgrade their electrical solutions with premium products at extraordinary prices.

Lider Electric's Prime Day deals will be available exclusively on Amazon, ensuring a seamless and convenient shopping experience for all customers. Lider Electric is committed to delivering excellence and customer satisfaction from energy-efficient lighting solutions to advanced electrical components.

Fashionable wall plates in a range of sophisticated colors and finishes will be included in the promotion this Tuesday and Wednesday. These small details are a quick and easy change that instantly elevates interior design.

**SAVINGS**  
**up to 25% OFF**

Browse our Amazon storefront to see all sale items!

This sale offers consumers the chance to upgrade at a fraction of the original price!

The graphic features a blue background with a white Amazon smile logo. In the center, an open cardboard box labeled 'LIDER' contains several electrical products: a white wall plate, a white electrical panel, and a black power strip. The text 'SAVINGS up to 25% OFF' is prominently displayed at the top in large white letters. Below the box, there is a call to action: 'Browse our Amazon storefront to see all sale items!' and a statement: 'This sale offers consumers the chance to upgrade at a fraction of the original price!'.

Advanced wall-mounted devices such as Lider's [Motion Sensor Switch](#) with Passive Infrared (PIR) Technology provide customers with hands-free control of their lights. Lider's Guide Light Series offers the convenience of a traditional switch or outlet with a built-in LED light that subtly lights the way in the dark. Also, Lider's Humidity Sensor Switches help automate fan control in high-moisture areas, effectively preventing mold and mildew for a fresher environment. These devices offer customers convenience in their busy lives and will be available for purchase at a discounted price.

Don't miss out on this incredible opportunity! Stay tuned this July 16-17 and visit Lider Electric's Amazon store to discover the year's best deals.

#### About Lider Electric

At Lider, we transform simple wiring and lighting controls into functional, safe, and visually stunning devices. Our company mission is to bring style and versatility to forward-thinking technical development. That's why each device has a sleek, refined build and is engineered with ultra-durable material to ensure longevity and high performance. Learn more on our website or our [Amazon storefront](#).
