CANCUN, QUINTANA ROO, MEXICO , July 17, 2024 /EINPresswire.com/ -- The Dolphin Company, operator of globally recognized parks such as [Dolphin Discovery Punta Cana](#) and [Garrafon Park](#), was recognized for the third consecutive year in the Ranking of Responsible Companies by Expansión Magazine due to its good practices in social, environmental, and governance areas.

“

We are committed to creating unforgettable experiences in harmony with the environment and ensuring fair working spaces. We innovate to benefit employees, visitors, and communities.”

Dulce Marchan, Human Value Manager at The Dolphin Company.

The Responsible Companies Ranking of Expansión Magazine evaluates the ESG (Environmental, Social, and Governance) strategies of the operation of Mexican or foreign companies with operations in Mexico that wish to be part of this important list. For The Dolphin Company to be recognized, it was necessary to analyze various indicators of each area, among which are:

Environmental measures: Use of water, energy, waste production, and greenhouse gas emissions.

Social measures: Diversity, gender parity, employment practices and policies, health and safety, and social responsibility are measured.

Corporate governance measures: We analyze whether the

company has a code of ethics, anti-corruption policies, and diversity within its board of directors and at the executive level.

"We are committed to creating and sharing unforgettable experiences in harmony with the environment, carrying out actions that give back a little of the much that our planet gives us, and guaranteeing workspaces in which our associates can develop personally and professionally fairly and equitably. We will continue to innovate our practices to be better every day because our company has much to give to our collaborators, visitors, and communities where we have a presence," said Dulce Marchan, Human Value Manager at The Dolphin Company.

In addition to being part of the Responsible Companies Ranking for the third time, The Dolphin Company has been recognized as a Socially Responsible Company (SRC) for more than 19 consecutive years thanks to the alignment of its practices with the Sustainable Development Goals and the Global Compact Principles.
