

Architessa Grows Luxury Vinyl Plank Product Offerings with BEDFORD and BEND LVP

Architessa expands available LVP flooring with two new wood-look products

ROCKVILLE, MD, UNITED STATES, July 22, 2024 /EINPresswire.com/ -- Architessa, a tile and stone brand headquartered in Maryland, expands their Luxury Vinyl Plank (LVP) series options with two new products – [BEDFORD](#) and [BEND](#).

BEDFORD LVP flooring boasts 35 colorways ranging from light, coastal browns to dark grey wood tones – available in 7x48 and 9x60 plank sizes. With 14 colorway options, BEND sticks to a more curated light wood color palette and is available with Micro Bevel or Enhanced Bevel edges.

Luxury Vinyl flooring, like wood-look porcelain tile, is a great alternative to natural hardwood floors for those looking for a more durable product.

LVP is comprised of several layers of material topped with a protective wear layer that lends to the durability of the planks or tiles. Architessa first introduced LVP products to their product offerings in 2019 and has since been gradually expanding LVP and LVT options.
