“According to HTF Market Intelligence, the Global Warehouse Cleaning Services market is expected to see a growth rate of 7.2% and may see market size of USD 823.2 Million by 2030, currently pegged at USD 540.8 Million.”

Definition:

The Warehouse Cleaning Services Market refers to the industry segment that provides cleaning and maintenance services specifically tailored for warehouses and distribution centers. This market includes a range of services designed to ensure that these facilities are kept clean, safe, and operationally efficient.

□ On 8th September 2023, “Mitie has won a five-year contract with the Government Property Agency (GPA) for facilities management services across 17 sites in the Central Region. The contract, secured through a competitive tender, includes cleaning, grounds maintenance, waste management, and reception services. This builds on Mitie's existing seven-year relationship with GPA, demonstrating the company's strong position in the government sector cleaning market.”
