

Unveiling the Pre-History of Kentucky: Rev. Patrick J. Dolan's Epic Adult-Folklore Series "Traces of Magic"

LOUISVILLE, KENTUCKY, UNITED STATES, July 23, 2024 /EINPresswire.com/ -- Immerse yourself in an epic journey through the pre-history of Kentucky with Rev. Patrick J. Dolan's captivating folklore series, "Traces of Magic." The four-book series, which takes place in the 1300s when Celtic and Norse cultures left evidence in central Kentucky, delves into a richly imagined world where magic, heroism, and diabolic forces collide.

Book I: Magic in the Valley

"Traces of Magic in a Harsh and Bloody Land" introduces readers to a group of young adults fighting to protect their land's mystical wonders against a ruthless assassins' guild. In this imaginative tale, knights, bards, clergy, and magic users band together to confront diabolic powers that threaten to enslave their valley by manipulating the weather.

Book II: The Curse of the Spell Book

The second installment, "The Curse of the Spell Book," continues the saga with Master Kresov's quarterghost drawing a major devil to Earth. Fear grips the city as the duke's royal council and Paladins clash with the sinister Snake Clan, striving to prevent the spread of the malevolent spell book's influence.

Book III: Completing the Circle

"Completing the Circle" sees the city and valley devastated by the death monster's arrival. The struggle to restore Earth's sacred protection barrier intensifies as characters, both living and ghostly, collaborate to outwit the fearsome creature. Their intertwined destinies are revealed through intricate and conflicting interests.

Book IV: Healing Down to the Roots

In the final volume, "Healing Down to the Roots," the Assassins' Guild's poisonous influence begins to infect even the paladins. The narrative explores the complex dynamics of converting druids to Christianity and the chaos ensuing from Madam Nadine's machinations. The concluding battle against the weather control spell in the "fishbowl" poses a significant challenge, determining the future of the valley.
